

Privacy Policy of valle-maira-valley.it This Application collects some Personal Data of its Users. This document can be printed using the print command in the settings of any browser. Data Controller Percorsi Travel Agency - Via Angelo Brofferio 9 - 12025 Dronero Owner's email address: percorsieviaggi@gmail.com Types of Data collected Among the Personal Data collected by this Application, either autonomously or through third parties, are: Tracking Tool; Usage Data; Data communicated during use of the service; first name; last name; telephone number; email; various types of Data; date of birth; physical address; company name; state; province; postal code; city; billing address; street number. Full details of each type of Data collected are provided in the relevant sections of this privacy policy or by means of specific information texts displayed prior to data collection. Personal Data may be freely provided by the User or, in the case of Usage Data, automatically collected during the use of this Application. Unless otherwise specified, all Data requested by this Application are mandatory. If the User refuses to communicate them, it may be impossible for this Application to provide the Service. In the cases in which this Application indicates certain Data as optional, the Users are free to refrain from communicating such Data, without this having any consequence on the availability of the Service or its operation. Users who may have doubts as to which Data are mandatory are encouraged to contact the Data Controller. The possible use of Cookies - or of other tracking tools - by this Application or by the owners of third party services used by this Application, unless otherwise specified, has the purpose of providing the Service requested by the User, in addition to the further purposes described in this document and in the Cookie Policy, if available. The User assumes responsibility for the Personal Data of third parties obtained, published or shared through this Application and guarantees that he has the right to communicate or disseminate them, releasing the Owner from any liability towards third parties.

Method and place of processing of collected Data Treatment modalities The Owner adopts appropriate security measures to prevent unauthorised access, disclosure, modification or destruction of Personal Data. The processing is carried out by means of computer and/or telematic tools, with organisational methods and logics strictly related to the purposes indicated. In addition to the Data Controller, in some cases, other subjects involved in the organisation of this Application (administrative, commercial, marketing, legal, system administrators) or external subjects (such as third party technical service providers, postal couriers, hosting providers, IT companies, communication agencies) also appointed, if necessary, as Data Processors by the Data Controller, may have access to the Data. An updated list of the Data Processors can always be requested from the Data Controller. Legal basis of the processing The Data Controller processes Personal Data relating to the User in the event one of the following conditions is met the User has given consent for one or more specific purposes; Note: in some jurisdictions, the Controller may be authorized to process Personal Data without the User's consent or another of the legal bases specified below, until the User objects ("opts out") of such processing. However, this does not apply where the processing of Personal Data is governed by European legislation on the protection of Personal Data; processing is necessary for the performance of a contract with the User and/or the performance of pre-

contractual measures; the processing is necessary for the performance of a legal obligation to which the Controller is subject; processing is necessary for the performance of a task carried out in the public interest or in the exercise of public powers vested in the Controller; the processing is necessary for the pursuit of the legitimate interest of the Controller or of third parties. However, it is always possible to ask the Data Controller to clarify the concrete legal basis of each processing and in particular to specify whether the processing is based on law, provided for by a contract or necessary to conclude a contract. Place The Data are processed at the Data Controller's operational headquarters and in any other place where the parties involved in the processing are located. For further information, please contact the Data Controller. The User's Personal Data may be transferred to a country other than the one where the User is located.

o obtain further information on the location of the processing, You may refer to the section on details of the processing of Personal Data. You are entitled to obtain information about the legal basis for the transfer of Data outside the European Union or to an international organisation under public international law or consisting of two or more countries, such as the UN, as well as the security measures taken by the Controller to protect the Data. The User may verify whether one of the transfers just described takes place by examining the section of this document relating to details on the processing of Personal Data or request information from the Data Controller by contacting it at the contact details given at the beginning. Period of storage Data are processed and stored for the time required by the purposes for which they were collected. Therefore: Personal Data collected for purposes related to the performance of a contract between the Data Controller and the User will be retained until the performance of such contract is completed. Personal Data collected for purposes related to the legitimate interest of the Data Controller will be retained until such interest is satisfied. The User may obtain further information on the legitimate interest pursued by the Controller in the relevant sections of this document or by contacting the Controller. When the processing is based on the User's consent, the Controller may keep the Personal Data longer until such consent is revoked. In addition, the Controller may be obliged to retain Personal Data for a longer period in compliance with a legal obligation or by order of an authority. At the end of the retention period the Personal Data will be deleted. Therefore, at the end of this period, the right of access, cancellation, rectification and the right to data portability can no longer be exercised.

Details of the processing of Personal Data Personal Data is collected for the following purposes and using the following services: Contacting the User Contact form (this Application) The User, by filling in the contact form with his/her own Data, consents to the use of such Data in order to reply to requests for information, quotes, or of any other nature indicated in the header of the form. Personal Data processed: surname; email; name; telephone number; various types of Data. Payment management Unless otherwise specified, this Application processes all payments by credit card, bank transfer or other means through external payment service providers. In general, and unless otherwise specified, Users are requested to provide payment details and personal information directly to such payment service providers.

This Application is not involved in the collection and processing of such information: instead, it will only receive a notification from the payment service provider in question that the payment has been made. PayPal (Paypal) PayPal is a payment service provided by PayPal Inc. which allows the User to make online payments. Personal data processed: email. Place of treatment: See the Paypal Privacy Policy.

Hosting and backend infrastructure The purpose of these types of services is to host the Data and files that allow this Application to function, allow it to be distributed and provide an infrastructure that is ready to be used to provide specific functions of this Application. Some of the services listed below, if any, may operate on geographically distributed servers, making it difficult to determine the actual location where Personal Data is stored. iubenda Consent Solution (iubenda srl) The Consent Solution offered by iubenda allows the storage and consultation of records relating to the consent and preferences expressed by End Users regarding the processing of their Personal Data. Personal Data processed: Data communicated during the use of the service; Tracking Tool. Place of processing: Italy - Privacy Policy. Registration and authentication provided directly by this Application By registering or authenticating, the User allows this Application to identify him/her and give him/her access to dedicated services. Personal Data are collected and stored exclusively for registration or identification purposes. The Data collected are only those necessary to provide the service requested by the User. Direct registration (this Application) The User registers by filling in the registration form and providing his Personal Data directly to this Application. Personal Data processed: Postcode; city; surname; date of birth; email; billing address; physical address; name; house number; telephone number; province; company name; state. Statistics The services contained in this section allow the Data Controller to monitor and analyse traffic data and serve to keep track of the User's behaviour. Wordpress Stat (Automattic Inc.) Wordpress Stats is a statistics service provided by Automattic Inc. Personal Data Processed: Usage Data; Tracking Tool. Place of processing: United States - Privacy Policy.

Displaying content from external platforms This type of service makes it possible to display content hosted on external platforms directly from the pages of this Application and to interact with them. This type of service may still collect data on web traffic relating to the pages where the service is installed, even when users are not using it. Google Fonts (Google Ireland Limited) Google Fonts is a service for displaying font styles managed by Google Ireland Limited that allows this Application to integrate such content into its pages. Personal data processed: Usage Data; Tracking Tool. Place of processing: Ireland - Privacy Policy. Google Maps widget (Google Ireland Limited) Google Maps is a map display service operated by Google Ireland Limited that allows this Application to integrate such content into its pages. Personal data processed: Usage data; Tracking tool. Place of processing: Ireland - Privacy Policy. Further information on the processing of Personal Data iubenda Solution Cookie (Remote consent cookie) The iubenda Remote Consent Cookie (_iub_cs-X) is installed by the iubenda Cookie Solution and stores the User's preferences regarding Tracking Tools in the [.iubenda.com](https://iubenda.com) domain. iubenda Cookie Solution (Consent Cookie) The iubenda consent cookie (_iub_cs-X) is installed by the iubenda Cookie Solution and stores the User's preferences regarding Tracking

Tools in the local domain. iubenda Cookie for the CCPA (usprivacy) The iubenda Cookie for the CCPA (usprivacy) is installed by the iubenda Cookie Solution and stores the User's California consumer opt-out choices in the local domain. Selling goods and services online The Personal Data collected is used to provide services to the User or to sell products, including payment and possible delivery. The Personal Data collected to finalise payment may be that relating to the credit card, bank account used for the transfer or other payment instruments provided. The Payment Data collected by this Application depend on the payment system used.

User Rights Users may exercise certain rights with reference to the Data processed by the Data Controller. In particular, the User has the right to: revoke consent at any time. The User may revoke the consent to the processing of its Personal Data previously expressed. oppose the processing of their Data. The User may object to the processing of his or her Data when it is done on a legal basis other than consent. Further details on the right to object are set out in the section below. access to your Data. The User has the right to obtain information on the Data processed by the Controller, on certain aspects of the processing and to receive a copy of the Data processed. verify and request rectification. The User may verify the accuracy of its Data and request that it be updated or corrected. obtain the limitation of the processing. When certain conditions are met, the User may request the limitation of the processing of its Data. In this case, the Data Controller will not process the Data for any purpose other than to preserve them. obtain the cancellation or removal of their Personal Data. When certain conditions are met, the User may request the deletion of its Data by the Data Controller. receive their Data or have them transferred to another owner. The User has the right to receive its Data in a structured, commonly used and machine-readable format and, where technically feasible, to have it transferred without hindrance to another owner. This provision is applicable when the Data are processed by automated means and the processing is based on the User's consent, on a contract to which the User is a party or on contractual measures related thereto. Propose a complaint. The User may lodge a complaint with the competent data protection supervisory authority or take legal action. Details of the right to object When Personal Data are processed in the public interest, in the exercise of public powers vested in the Controller or in pursuit of a legitimate interest of the Controller, Users have the right to object to the processing on grounds relating to their particular situation. Users are reminded that if their Data are processed for direct marketing purposes, they may object to the processing without providing any reasons. To find out whether the Controller processes data for direct marketing purposes, Users may refer to the respective sections of this document. How to exercise rights In order to exercise the User's rights, Users may address a request to the contact details of the Controller indicated in this document. Requests are filed free of charge and processed by the Controller as soon as possible, in any case within one month. Cookie Policy This Application makes use of Tracking Tools. To find out more, the User may consult the Cookie Policy. Further information on processing Legal defence The User's Personal Data may be used by the Data Controller in legal proceedings or in the preparatory phases of such proceedings to defend against abuse of this Application or related Services by the User. The User declares that he/she is aware that the Owner may be obliged to

disclose the Data by order of public authorities. Specific information At the User's request, in addition to the information contained in this privacy policy, this Application may provide the User with additional and contextual information on specific Services or the collection and processing of Personal Data. System logs and maintenance For operation and maintenance purposes, this Application and any third party services used by it may collect system logs, i.e. files recording interactions that may also contain Personal Data, such as the User's IP address. Information not contained in this policy Further information in relation to the processing of Personal Data may be requested at any time from the Data Controller using the contact details. Response to "Do Not Track" requests This Application does not support "Do Not Track" requests. To find out whether any third party services used support them, the User is invited to consult their respective privacy policies. Changes to this privacy policy The Data Controller reserves the right to make changes to this privacy policy at any time by notifying Users on this page and, if possible, on this Application as well as, if technically and legally feasible, by sending a notification to Users through one of the contact details in its possession.

Therefore, please consult this page frequently, referring to the date of the last modification indicated at the bottom. If the changes affect processing whose legal basis is consent, the Data Controller will collect the User's consent again, if necessary. Definitions and legal references Personal data (or Data) Personal data is any information that, directly or indirectly, even in connection with any other information, including a personal identification number, makes a natural person identified or identifiable. Usage Data This is the information collected automatically through this Application (including by third party applications integrated into this Application), including: IP addresses or domain names of the computers used by the User who connects with this Application, URI (Uniform Resource Identifier) addresses, the time of the request, the method used to forward the request to the server, the size of the file obtained in response, the numerical code indicating the status of the response from the server (successful, error, etc.), the country of origin, the name of the user, the date and time of the request, the date and time of the response, the date and time of the request.), the country of origin, the characteristics of the browser and operating system used by the visitor, the various temporal connotations of the visit (e.g. the time spent on each page) and the details of the itinerary followed within the Application, with particular reference to the sequence of pages consulted, the parameters relating to the operating system and the User's IT environment. User The individual who uses this Application which, unless otherwise specified, coincides with the Data Subject. Data Subject The natural person to whom the Personal Data refer. Data Processor (or Data Processor) The natural person, legal entity, public administration and any other entity that processes Personal Data on behalf of the Controller, as set forth in this privacy policy. Data Controller (or Owner) The natural or legal person, public authority, service or other body that, individually or jointly with others, determines the purposes and means of the processing of personal data and the instruments adopted, including the security measures relating to the operation and use of this Application. The Data Controller, unless otherwise specified, is the owner of this Application. This Application The hardware or software tool through which Users' Personal Data are

collected and processed. Service The Service provided by this Application as defined in the relevant terms (if any) on this site/application. European Union (or EU) Unless otherwise specified, any reference to the European Union in this document shall be understood to include all current member states of the European Union and the European Economic Area. Cookies Cookies are tracking tools consisting of small pieces of data stored in the User's browser. Tracking Device Tracking Tool means any technology - e.g. cookies, unique identifiers, web beacons, embedded scripts, e-tags and fingerprinting - that allows Users to be tracked, for example by collecting or storing information on the User's device. Legal references This Privacy Policy is drafted on the basis of multiple legal orders, including Articles 13 and 14 of Regulation (EU) 2016/679. Unless otherwise specified, this privacy policy applies exclusively to this Application.

Cookie Policy of valle-maira-valley.it This document contains information on the technologies that allow this Application to achieve the purposes described below. These technologies allow the Owner to collect and save information (e.g. by using Cookies) or use resources (e.g. by running a script) on the User's device when the User interacts with this Application. For the sake of simplicity, in this document these technologies are briefly referred to as "Tracking Tools", unless there is reason to differentiate. For example, although Cookies can be used in both web and mobile browsers, it would be inappropriate to talk about Cookies in the context of applications for mobile devices, since these are Tracking Tools that require the presence of a browser. For this reason, within this document the term Cookie is only used to refer specifically to that particular type of Tracking Tool. Some of the purposes for which Tracking Tools are used may also require the User's consent. If consent is given, it may be freely revoked at any time by following the instructions contained in this document. This Application uses Tracking Tools managed directly by the Owner (commonly called "first party" Tracking Tools) and Tracking Tools that enable services provided by third parties (commonly called "third party" Tracking Tools). Unless otherwise specified within this document, these third parties have access to their respective Tracking Tools. The duration and expiry of Cookies and other similar Tracking Tools may vary depending on the settings made by the Controller or each third party provider. Some of them expire at the end of the User's browsing session. In addition to what is specified in the description of each of the categories below, Users can obtain more detailed and updated information on the duration, as well as any other relevant information - such as the presence of other Tracking Tools - in the privacy policies of the respective third party providers (through the links made available) or by contacting the Controller.

Other activities involving the use of Tracking Tools Improving the experience This Application uses Tracking Tools to provide a personalised user experience, allowing better management of personal settings and interaction with external networks and platforms. Displaying content from external platforms This type of service makes it possible to display content hosted on external platforms directly from the pages of this Application and to interact with them. This type of service may still collect data on web traffic relating to the pages where the service is installed, even when users are not using it. Google Fonts (Google Ireland Limited) Google Fonts is a service for

displaying font styles managed by Google Ireland Limited that allows this Application to integrate such content into its pages. Personal data processed: Usage Data and Tracking Tool. Place of processing: Ireland - Privacy Policy. Google Maps widget (Google Ireland Limited) Google Maps is a map display service operated by Google Ireland Limited that allows this Application to integrate such content into its pages. Personal data processed: Usage Data and Tracking Tool. Place of processing: Ireland - Privacy Policy. Measurement This Application uses Tracking Tools to measure traffic and analyze Users' behavior in order to improve the Service. Statistics The services contained in this section allow the Data Controller to monitor and analyse traffic data and serve to track User behaviour. Wordpress Stat (Automattic Inc.) Wordpress Stats is a statistics service provided by Automattic Inc. Personal Data Processed: Usage Data and Tracking Tool. Place of processing: United States - Privacy Policy. Storage duration: tk_tc: session duration.

How to manage preferences and provide or withdraw consent There are a number of ways to manage your Tracking Tool preferences and to provide or withdraw consent where necessary: Users can manage their Tracking Tool preferences directly through their device settings - for example, they can prevent the use or storage of Tracking Tools. In addition, whenever the use of Tracking Tools is dependent on consent, Users may give or revoke such consent by setting their preferences within the cookie policy or updating such preferences via the tracking settings widget, if any. It is also possible to remove previously saved Tracking Tools through special browser or device features. Other Tracking Tools stored in the browser's local memory can be removed by deleting the browsing history. With respect to third party Tracking Tools, Users may manage their preferences and revoke their consent by visiting the relevant opt out link (if available), using the tools described in the third party's privacy policy or contacting the third party directly. Identifying Tracking Tools Settings Users can, for example, find information on how to manage Cookies in some of the most popular browsers at the following addresses: Google Chrome Mozilla Firefox Apple Safari Microsoft Internet Explorer Microsoft Edge Brave Opera Users may also manage certain Mobile Tracking Tools by disabling them through appropriate device settings, such as mobile advertising settings or tracking settings in general (Users may consult their device settings to find the relevant one). Data Controller Percorsi Travel Agency - Via Angelo Brofferio 9 - 12025 Dronero Owner's email address: percorsieviaggi@gmail.com Since the use of third-party Tracking Tools on this Application cannot be completely controlled by the Owner, any specific reference to third-party Tracking Tools is to be considered indicative. To obtain complete information, Users are kindly invited to consult the privacy policy of the respective third party services listed in this document. Given the objective complexity of identifying tracking technologies, Users are invited to contact the Owner if they wish to receive further information on the use of such technologies on this Application.

Definitions and legal references Personal Data (or Data) Personal data is any information that, directly or indirectly, even in connection with any other information, including a personal identification number, makes a natural person identified or identifiable.
